GET RECYCLING RIGHT!

Placing the wrong items in your recycling bin can damage equipment, pose a danger to haulers and facility workers, and contaminate properly recycled materials.

It is extremely important to make sure only the correct items go in your curbside bin. By recycling the correct items, you are making the entire system efficient and ensuring success of the recycling program! All companies collecting residential curbside waste also collect curbside recyclables.

WHEN IN DOUBT, LEAVE IT OUT!

Ask Your Hauler:

1. what can be placed in your curbside recycling bin (since this can vary by hauler)
2. how recyclables are to be prepared for collection (for instance: recyclables that contained food or other residue should be rinsed and lids should be discarded.)
3. when your recyclables will be collected

Special Event Recycling Bins Available

The Butler County Department of Recycling & Waste

Management has collapsible recycling bins available to loan.

Groups organizing special events in Butler County that would like to offer recycling to their participants along with waste disposal can borrow the bins on a first come – first served basis. For more information on this program, please contact the Department at:

Phone 724.284.5305

Email skelly@co.butler.pa.us

Tips for Identifying, Storing and Transporting a Hazardous Waste

Identifying Hazardous Waste (and remember, electronics are considered hazardous too!)

The following warning words on a container can alert you to the hazardous nature of its contents:

Danger, Poison, Toxic, Corrosive, Volatile, Flammable, Inflammable, Combustible, Explosive, Caution, Warning, Harmful, Oxidizer, Irritant, Environmental Hazard

Proper Use & Storage of Hazardous Materials

- * MOST IMPORTANT: Follow the directions on the label.
- * Ask the dealer or manufacturer to provide more explanation if needed. Don't use more of the product than is recommended.
- * Never mix products; this can lead to explosions or poisonous gas being released.
- * Use hazardous products in well-ventilated areas and always use gloves, eye protection and air purifying respirators whenever warranted.
- * Never eat, drink or smoke where hazardous products are being used.
- * Keep products in their original containers.
- * If you do have to use a different container be sure to label adequately to prevent poisoning and for safe use and disposal.
- * Store all hazardous products upright, tightly sealed, and away from pets, children and food.

Transporting Household Hazardous Waste to a Hazardous Waste Collection

- * Never mix different chemicals! Toxic fumes or an explosion can result and it prevents recycling of the materials.
- * Leave waste products in their original containers, and make sure caps and/or lids are securely closed. Gasoline is highly flammable and should only be transported in purpose-designed gasoline cans or containers. Do not transport hazardous wastes in the same portion of your vehicle as humans or pets.
- * If the original container is leaking or damaged, place the entire container in a larger container such as a clean paint can, plastic bucket, or wrap securely with plastic. If you wrap up a container so that the original label cannot be seen, mark the contents to the best of your ability, and be sure to tell the collection staff what the contents are.
- * Separate different types of waste, such as paints, motor oil, batteries, pesticides, acids, etc. Place containers upright in sturdy cardboard boxes or plastic trays, and pad with newspaper. You may also want to line your car with plastic before you pack the car.
- * Put containers in trunk or rear of your car, not on passenger seats. Come straight to the Hazardous Waste Collection to avoid any problems with the waste.
- * Don't eat, drink or smoke while handling household hazardous wastes. Wash your hands after handling these materials. Never put hazardous waste into trash bags or trash cans. Lids can come off causing chemicals to mix and possibly creating dangerous reactions.

IN CASE OF AN EMERGENCY SITUATION, DIAL “911”

Butler County holds several residential household hazardous waste and electronics collections each year using its current contractor, Noble Environmental. For program details and to pre-register to attend, see www.butlercountypa.gov (Recycling Department web page) or www.nobleenviro.com

ALUMINUM (scrap) Bob's Auto 249 Oneida Valley Rd., Butler 724.285.1900 Krill Recycling 1200 Rt. 422, Fenelton 724.256.9044 SA Recycling 656 New Castle Rd., Slippery Rock 724.794.6126	Electronics Collections, accepts these items at regularly-scheduled collection events each year. Residents must pre-register to attend at www.nobleenviro.com or 412.567.6566 TC Recycling LLC 120 Hutchman Road, Mars 724.625.9000 (must have the freon removed and the device tagged by a licensed technician) Appliance Warehouse www.appliancewarehouse.com/disposal/ 84 South 6th St., Pittsburgh 412.228.3659 Jurassic Junk Removal, Gibsonia 1.877.595.JUNK (5865) info@jurassic-junk.com 1-800-GOT-JUNK (1-800-468-5865) Full service junk removal service Some waste haulers in Butler County accept freon units for an extra fee. APPLIANCES (with freon) (For small freon appliances only) Noble Environmental, through Butler County’s Household Hazardous Waste and		

AUTO PARTS

Many metal recyclers and auto wreckers in Butler County will accept auto parts and will pay by the pound.

AUTO TIRES (small quantities)

Many businesses that sell and change vehicle tires will accept small quantities back from the public and will charge a recycling fee—usually a few dollars per tire. Call your local tire dealer to see if they participate and to get quantity limits and prices.

A tire collection is usually held each year in Butler County by Tri-County CleanWays. Information when available will be placed on the following web sites: www.butlercountypa.gov

Services → Recycling & Waste

www.keepabeautiful.org/

Affiliate Network → Find an Affiliate

AUTO TIRES (large quantities for small businesses)

Liberty Tire Recycling
600 River Ave., Pittsburgh
NTR@libertytire.com
412.562.1700

TC Recycling LLC
120 Hutchman Rd., Mars
724.625.9000
(Accepts on or off rim)

BACKPACKS AND BIRDING EQUIPMENT

The American Birder's Exchange Program takes new and used birding equipment and educational materials distributing it to colleagues working to conserve birds and their habitats throughout the United States, Latin America and the Caribbean. www.aba.org

Connect → Birders' Exchange

Terracycle.com has a program for recycling backpacks. Check their web site for details and for the MANY other items that they can recycle.

BARRELS AND DRUMS

Many auto wreckers and scrap metal yards will accept metal drums for scrap and will pay by the pound.

BATTERIES (auto, lead-acid)

Businesses that sell auto batteries are required by Federal law to take them back. Some have fees and some do not. Call a business near you to get more information.

Noble Environmental, through Butler County's Household Hazardous Waste and Electronics Collections, accepts this at regularly-scheduled collection events each year. Residents must pre-register to attend at www.nobleenviro.com or call 412.567.6566

BATTERIES (household/regular alkaline)

Noble Environmental, through Butler County's Household Hazardous Waste and Electronics Collections, accepts this at regularly-scheduled collection events each year. Residents must pre-register to attend at www.nobleenviro.com or call 412.567.6566

Recent laws have restricted the levels of mercury allowed in alkaline and zinc-carbon batteries. Today, alkaline batteries on the market are required to have zero-added mercury and are no longer considered hazardous. Source: PA Dept. of Environmental Protection

BATTERIES (household rechargeable)

Best Buy Electronics(all locations)

Home Depot - Also accepts other types (all locations)

Lowe's - Also accepts other types (all locations)

Noble Environmental, through Butler County's Household Hazardous Waste and Electronics Collections, accepts this at regularly-scheduled collection events each year. Residents must pre-register to attend at www.nobleenviro.com or call 412.567.6566

BATTERIES (lithium ion)

Lithium ion batteries that are rechargeable are most commonly found in digital cameras, cell phones and laptop computers. They contain and use lithium metallic oxide for a cathode and a carbon material as an anode. The electrolyte is a lithium salt.

This battery type can be recycled through Call2Recycle.org, or you can use their Drop-off site locator by telephone, 877-273-2925. Participating retail collection points include Batteries Plus, Home Depot, Lowes, and Staples. (Source: PA DEP)

BICYCLES

Give away on Butler County's local Freecycle™ web site at www.freecycle.org

Non-useable bikes are accepted at most scrap metal / auto wrecking yards that pay by the pound.

BOOKS (for reuse)

Public libraries often accept used books to sell for fundraising. Call your local library for details.

International Book Project accepts used fiction, text, reference and technical books and ships them to schools, libraries, churches, community organizations, and Peace Corps Volunteers throughout the developing world and the United States. Books must be fully intact and in very good shape. www.intlbookproject.org

Many charitable organizations accept books such as (Call for donation details):

Salvation Army
Goodwill
Catholic Charities
St. Vincent DePaul

Local Senior Centers accept books—call the Butler County Area Agency on Aging for details at 724.282.3008.

Give away on Butler County's local Freecycle™ web site at www.freecycle.org

BOXES (cardboard / reusable)

U-Haul—all locations

UPS, Ebay and other shipping service businesses

BRICK (and other CLEAN hardscape building materials)

Collier Stone
(call first to be sure they still accept)
(GPS Directions: intersection of Walkers Mill Rd. & Noblestown Rd.)

80 Noblestown Rd, Carnegie
412.276.7300

From the Collier Stone web site—“accepting all old CLEAN* concrete, brick, block, stone and other “hardscape” materials to recycle into our Crushed Concrete aggregates. (*Clean meaning, we will NOT accept dirt, sod, landscaping materials or debris, lumber, plastics, piping, garbage etc.)”

Tile and Terracotta CANNOT be used for aggregate as they become dangerous shards when crushed.
