Zelienople Police Department Receives E-Bikes from Donations

If you went to the Zelienople Fall Festival in October, you may have seen the officers patrolling on new e-bikes! The e-bikes made their debut at the Fall Festival and the department couldn't be more excited to add these to our fleet! The e-bikes are a great addition to the department and will be very useful for all of the events and parades we have in town, as well as regular patrols throughout the year.

Two patrol e-bikes, bike decals, riding equipment, and training was all paid for by generous donations from the Zelienople Hungarian Beneficial Society, Randall Hart Family Community Enhancement Fund, Zelienople Rotary Club, Zelienople Area Business Association, and Rocconic. Our department would like to thank all of the donors for this exciting gift!

Two of the officers attended a week-long training course hosted by University of Pittsburgh Police Department and Pittsburgh Bureau of Police where they learned advanced skills and maneuvers. The officers also learned basic and advanced safety and maintenance skills to protect the longevity of the bicycle patrol unit.

The officers are now certified by IPMBA (International Police Mountain Bike Association) and will continue to conduct annual trainings in accordance to the IPMBA standards. We would really like to thank Officer Justin Reck of the University of Pittsburgh Police who instructed the class and City of Pittsburgh Police bicycle unit for hosting the training and allowing our department to participate.
